Please accept this letter as notice of support and endorsement by the County of Summit ADM Board - Board of Directors for the 2021 Akron-Summit County Public Library levy. As members of the Summit County community, we understand how critical the library and its services are to our citizens, and we fully support this levy for the following reasons:

- The Library supports young children, students, workforce development, senior citizens, and all who seek to connect, learn, explore, and create.
- The Library provides millions of books and digital materials such as eBooks, downloadable audio, streaming video, and research databases.
- If the levy is not renewed in 2021, the Library will be forced to make drastic reductions to hours, staffing, collections, and programming.

At the County of Summit ADM Board, we work diligently with our community partners to help ensure that our community has the tools it needs to thrive. The Akron-Summit County Library is a critical component of our community's success, and we encourage support for the Akron-Summit County Public Library-Issue 10 on May 4, 2021.

With sincerest gratitude,

A handwritten signature in blue ink that reads "John M. Williams".
